

The official magazine of the Indiana Life Sciences Association

# BioFutures

INDIANA • 2026

## PUBLISHING MARCH 20, 2026

The Indiana Life Sciences Association, in partnership with Indianapolis Business Journal, brings you Indiana BioFutures magazine, a round-up of the latest news from the state's thriving health and life sciences sectors.

This year's Indiana BioFutures magazine, which inserts in the **March 20, 2026**, issue of IBJ, will reach business decision makers throughout central Indiana and beyond. BioFutures is the primary marketing piece used by the Indiana Life Sciences Association as it promotes Indiana's health science sector at events locally, nationally, and around the world. An additional **2,000** copies will be mailed out to Indiana Life Sciences Association's membership statewide and distributed nationally to prospective businesses and economic development and site selection professionals, for a total distribution of **13,000**.

Here's what you'll find in Indiana BioFutures 2026:

- A look at Indiana's focus on **pediatric medicines and devices**. Medical researchers are working together and in partnership with peers in other states and entrepreneurs across Indiana to solve some of the most vexing challenges in children's health.
- Indiana's important role in **biodefense and biosecurity**. Biodefense and biosecurity are more important than ever as the U.S. prioritizes protecting the country from international threats and maintaining its lead as a biotechnology powerhouse.
- A peak at how Indiana will pitch the state's life sciences economy at the **BIO 2026**, the international life sciences conference to be held in San Diego in 2026.

You'll find these stories and life sciences news from around the state in Indiana BioFutures 2026.
